WORK EXPERIENCE

Software Engineer (Developer)
Claro – Globalhitss

06/2018 – 03/2025   *Bogotá/CDMX*

He worked in Claro Colombia's core business, where he maximized and optimized the various mobile and local telephony sales channels for all sales agents of this important telecommunications company. This core business is being implemented in more than 5,000 call centers across the country using cutting-edge technologies.

Tech Stack

• Vue, React, Angular, Visual Basic .Net, C#, Visual Basic 6, Oracle, Sql Server.

Teacher - Part-time
Corporación Universitaria Republicana

01/2017 - 02/2020

I was in charge of the basic subjects of programming principles in algorithms to more advanced courses of .Net and SQL, in which I obtained recognition from an International Symposium for different contributions within (Computer Face Recognition).

Tech Stack

• C#, C++, C, Python, OpenCV, NoSql, Postgresql, MariaDB

Developer Software Engineer
IT Consultancy

06/201802/2019   *Bogotá – Quito*

I accompanied throughout the development of the integration and maintenance between Banco Agrario de Colombia (Banking) and Cajero de Teller Machines), the developments are for the entire back end and the technologies associated with it for about 3,000 points of sale ATM.

Tech Stack

• C++, C#, Visual Basic 6, Oracle, AS400.

Microsoft Technology Consultant
Controles Empresariales

02/2017 - 06/2018

I led within the AON Agency for Incorporation and Normalization) office attached to the Presidency of the Republic of Colombia. He managed the office project center, about 50% entity concerning software development and trained about 100 officers across the country in the use of associated technologies
